Winter 2024 – Volume 11, Issue 4

## A warm welcome to our new members!

Colton Thacker, Georgetown, KY	Kymerli Taylor, Murfreesboro, TN	Elliyanna Felix, Ripon, WI
Samantha Hendricks, Huntsville, AR	Barbara Cutshall, Corryton, TN	Payton Dvorak, Norwood Young America, MN
Gabryale Chester, Hulbert, OK	Kali Lange, Muscatine, IA	Brittany Bloch, Athens, WI
Garrit Chester, Hulbert, OK	Natalie Sanford, Almond, WI	Jamie Shirley, Hunker, PA
Elijah Ensor, Warfordsburg, PA	Heather Cody, Ashland, KY	Tianna Johnson, Galesville, WI
Maggie Maier, Hoffman, NC	Mitchell Bury, Lester Prairie, MN	Alyssa Tormayer, Meridian, ID
Jenica Daniels, Cheney, WA	Chad Boyles, Dawn, MO	Kyle Smith, Oklahoma City, OK
Madison Losie, Davenport, NY	Max Handel, Medford, WI	

## President – Russell Blair

Greetings,

As I sit down to write this report for the newsletter, my show season has concluded, and I am gearing up for breeding season. Which means not only am I planning my mating's, but I am also worming all my breeders and applying the Ivermectin cattle pour on. With winter fast approaching I don't want them to carry over any parasites that might affect their performance during breeding season. This is also a good reason for me to put them in my hand, which allows me to feel what is underneath the feathers, and truly judge them for what they have to offer as a breeder.

Speaking about breeding season I would like to announce that our board of directors have voted to hold one national meet in 2025, and they have also voted to accept the submitted bid from the Dayton Fancy Feather Club. So be sure to plan your hatches accordingly, because I am proud to announce the 2025 Ameraucana Alliance National Meet will be hosted by the DFFC at their fall show October 4<sup>th</sup> & 5<sup>th</sup>, 2025 at the Darke County Fairgrounds in Greenville Ohio. This will be the one show next year you will want to attend. I am sure there will be a great silent auction as well so set a few extra eggs if you plan on attending.

I would like to share the election results from our biennial election of officers for those members that haven't logged into our forum. Before I do, let me say thanks to all our members that were nominated for a position or participated/voted in the election, especially Max Strawn and Jeff Vance who also agreed to be this year's election & assistant election commissioner respectfully. Let me also take a moment to thank Jeff Sonsalla, Mindy Waters and Rebecca Howie for their service. They have served multiple terms and chose not to run for re-election as directors on this year's ballot. I truly wish them all the best in whatever they pursue and would like to say thank you, on behalf of myself and our membership, for the countless hours you all have sacrificed to perform the director duties you were tasked with. With that said let me introduce you to your elected

officers beginning on January 1, 2025, returning directors; Michael Muenks & Brian Bailey along with new directors; Mike Gilbert, John Blehm, Rachel Dunn, and Scott Lepak. I am also honored to announce that our members have voted to allow me to serve as your President again and I look forward to working with not only the returning directors but also the new directors this upcoming term.

Speaking of Mike Gilbert, he was also this year's recipient of the Ameraucana Alliance Lifetime Achievement Award. I announced it at the annual meeting conducted during the "Celebrating Ameraucana in Dairyland" national meet in Portage Wisconsin. I was also informed by Mindy Waters that our member Janet Tipton has earned enough points to be awarded the Master Exhibitor award. For those that don't know it takes 800 points, earned at Ameraucana Alliance sanctioned meets, to achieve this milestone. Congratulations Janet on reaching this milestone, it is a testament to your dedication and perseverance regarding breeding, raising and exhibiting Ameraucana. I wish you continued success as you continue your journey with them.

In closing there are a few other items I would also like to share with our members. The first being that both of our websites [ameraucana.org](http://ameraucana.org) and [ameraucanaalliance.org](http://ameraucanaalliance.org) were both upgraded to a secure version of HTTP that encrypts data sent between a user and a website, also known as HTTPS. It was a free upgrade from our hosting servers, and it will add a little protection for anyone downloading or uploading documents or information to our website and forum. Finally, I would like to mention that our new 2024 Ameraucana Handbook has been printed and delivered to us. If you took an Ad out in it, you should have received you complimentary Handbooks in the mail by now. The current board of directors have voted to sell them for a mere \$6 per handbook to our members and \$12 per handbook to non-members which covers the cost of shipping. They have also voted to allow them to be sold at a special price of \$3 for members and \$10 for non-members at our national meet/s. I think they turned out great and I appreciate everyone that worked so hard to put it together, donated articles, and the members that generously paid for an Ad to help cover the cost of printing them. Well, I think this about covers all the club news I have, I will let Rebecca and Michael discuss the two National Meets and I would just like to congratulate all the winners, volunteers and members that attended one or both of them. It truly is our members that make our Ameraucana Alliance the very best breed specific club out there. Before I go, please don't forget to renew your membership if needed, I would hate to see someone lose their hard-earned points and let me wish you all a very Merry Christmas and a Happy New Year. If you ever have any questions or concerns relating to our Ameraucana Alliance please let me know at [slicktree@hotmail.com](mailto:slicktree@hotmail.com) or call (before 9pm EST) 419-410-2613

Take Care and God Bless,  
Russ Blair

## Director - Becky Howie

Good day to all, it's almost winter and the days are getting shorter really fast. It was a hot, dry summer here in Arkansas and the autumn brought some much-needed rain. The grass is greener now than it was in August.

Fall shows are well underway throughout the country and our Ameraucana Alliance National Meets have taken place. There were two National Meets this year, with one of them taking place in Fayetteville, AR. HOTOPA hosted our meet, and they did a great job! The Show Staff were so welcoming and accommodating to the Ameraucana Alliance exhibitors. We had a huge club area for our Silent Auction and Egg Show with plenty of seating area for our members to congregate and

relax while waiting for the judging to finish. Laurie Ashley and Ben Eddy decorated the Club table and under Laurie's guidance we had a terrific Silent Auction. Andi VandeVere checked in the eggs and Char and John Haste were judges.

We had a number of fine donations which garnered plenty of attention. Stacy Melton's stunning black LF trio sold for a handsome price and now live in California with Jorge Gutierrez, who flew in to attend the show and drive back home with a number of fine birds. Andi and Stacy manned the table, and we also added some new members to the roster. Michael Muenks made sure we had all the odds and ends needed at the table and was ready to jump in whenever needed including taking care of the Display points when the judging was completed. Jessica Loree brought a huge string of birds and was still there to assist when needed.

We had a great turnout from far and wide. Max Strawn came up from Texas, Bruno Menarim, and new member Colton Thacker from Kentucky, Stan Alder and Becky Pelton from South Carolina, and Stacy Melton from Virginia made the long drive to join us and exhibit their fine Ameraucanas. Bruno and Colton took most of the pictures posted on the Forum and FB page.

Congratulations to Brad Stonebarger on the big wins with his outstanding Black Ameraucanas, both LF and bantam.

Many of you know I am very enthralled with the Ermine variety. Becky Pelton has been working with LF Ermines for almost 2 decades and after pestering her endlessly, she took a small Ermine male over black bantams to start a 1st generation bantam Ermine. She shared them with me and a few others and now we have a group of people seriously working toward bantam sized Ermines. Our National can boast that there was a class of 15 (4 exhibitors) LF and 24 (5 exhibitors) bantams. It was a real pleasure to chat with Michael Muenks, Becky Pelton and Stan Alder about our experiences with Ermines.

They showed great progress and consistency. Our bantam females are within the window of bantam size, the males are still running a bit big overall, with a few exceptions. Michael Muenks had a nicely patterned cockerel that met the standard size, my own fellows are still "chunky monkey" size, but I have a couple youngsters that might mature over the next couple of months tiny enough to be true bantam size. Like any parti-colored bird, we have some challenges to overcome, but with such a dedicated group of breeders, I see this variety being accepted and having lasting appeal over the years.

My next big show will be in Shawnee, OK. It will be an APA National Show and the last Qualifying Meet for the Self Blue bantams. I have 3 cockerels and 2 pullets getting ready to strut their stuff and enter the realm of an accepted variety of Ameraucanas by the APA, having been accepted by the ABA several years ago. It has been a long road to acceptance for the original Self Blue team. I listed most of them in my last newsletter and am excited to play a small part in this last step of their efforts as dedicated breeders of Self Blue.

This was election year, and I would like to congratulate Russ Blair as the continuing President of the Ameraucana

Alliance, though I was offered a position as a director again, I am choosing to spend the next couple of years on my flock at home and with my grandson. He has moved to Kentucky, and I will be visiting him there or bringing him back to Arkansas for as much quality time as possible before he gets to the age where MawMaw is not so cool or as much fun as his friends. The years fly by so fast, and every moment is so precious.

I am a Lifetime Member of the Ameraucana Alliance and in the future will continue to serve when I can to promote this wonderful breed of poultry that brings me so much happiness.

## Director - Michael Muenks

Greetings from the Ameraucana Alliance! As I draft this report in late November, the two 2024 national celebrations of Ameraucana by the members of the Ameraucana Alliance are fond memories. I was fortunate to be able to attend both national celebrations this year. I wish to thank all the members who assisted in the planning and execution of both events along with all the members who made the trip to Portage, WI and or Fayetteville, AR to participate.

### Celebrating Ameraucana in Dairyland

Celebrating Ameraucana in Dairyland was hosted by the Wisconsin International Poultry Club at their show in Portage, Wisconsin the weekend of September 28-29, 2024. Ameraucana converged on Portage, Wisconsin from as far west as Kansas and South Dakota and as far east as Michigan. Many club members located in the upper Midwest took advantage of the show being close to home. The sunny and warm weekend felt more like summer and many veteran exhibitors at the show reminisced of past Wisconsin International Poultry Shows where snowflakes made an appearance in contrast to the shorts and t-shirt weather of 2024.

The Wisconsin International Poultry Show had its largest show to date. In the open show for our national celebration of Ameraucana, 170 bantam and 78 large fowl Ameraucana were exhibited and in the junior show 48 bantam and 29 large fowl Ameraucana were exhibited. A total of 325 Ameraucana in exhibition made the event a true Celebration of Ameraucana in Dairyland and in the region of the United States where the breed came into its own and what I believe may be the largest national meet for the Ameraucana Alliance thus far.

Taking top honors as Champion Ameraucana was Rachel Dunn with a black bantam hen. Rachel's black bantam hen went on to take Champion AOCCL, Champion Bantam of Show, and Reserve Champion Land Fowl of Show. Quite the bird and quite the feat at a show with over 3,500 poultry in exhibition. The Reserve of Breed was a fine wheaten pullet exhibited by Mike Gilbert.

Taking the Reserve Champion Ameraucana was a beautiful black large fowl pullet by Kyle Porosky. Kyle's pullet went on to take Champion AOSB. Kyle also took Reserve of Breed and Reserve Champion AOSB with his handsome black cockerel.

Other notable awards included a sweep of the Ameraucana Champion and Reserve Champion Trios in both the bantam class and the large fowl class by Jerry DeSmidt with his white bantam and large fowl Ameraucana. The Champion Ameraucana Display was black large fowl by Daniel Cook and the Reserve Champion Ameraucana Display was white bantams by Jerry DeSmidt.

A long-standing tradition has been the egg contest at national meets. This year's contest had 19 entries between the bantam and large fowl eggs. Sweeping the bantam class was John Blehm who earned the Champion and Reserve Champion awards for his bantam pullet eggs. The Champion large fowl eggs award was taken by Daniel Cook with his hen eggs and the Reserve Champion large fowl eggs award being earned by Robert Rennolet for his pullet eggs.

I would like to thank all those who helped with the planning and execution of Celebrating Ameraucana in Dairyland. I would like to thank Ann Dunn and Rachel Dunn for planning the social side of the weekend and organizing the egg show. I would also like to thank our egg show judges Rowley Dunn, John Dunn, Tracy Wright, and Molli Babler who were an effective team. I would like to thank Laurie Ashley and Ben Eddy for their work on donations for the silent auction. I would like to thank all the numerous businesses and individuals who donated items along with Robert Rennolet, Mike Gilbert, Russ Blair, and Ann Dunn for their donation of birds for the silent auction. In addition, I would like to thank Rachel Dunn, Ann Dunn, Mike Gilbert, Robert Rennolet, Russ Blair, Jeff Sonsalla, David Blair, and Jessica Loree for their help with decorating the club table, the silent auction, staffing the club table, display point calculation, pictures, and completing the meet report. If I have inadvertently left off anyone, I apologize and do know you have my gratitude. Many hands made light work. Thank you also to the Wisconsin International Poultry Club for being our host and a wonderful partner.

### **Meet Requests**

Thank you to everyone who sent in meet requests. The earlier meet requests are made, the better the chance of getting the club information into the show catalog to advertise the club's meet. Please only send one meet request per email. Many clubs need the meets over six months in advance if one hopes to get the club logo and information into the show catalog. Remember that our club meet policy requires that the meets be placed so that they may be published in the newsletter before the entry close date of the meet. It is not too early to request club meets at your favorite spring and summer 2025 show.

### **Report from Bantam Hill**

I am quite happy with the progress that was personally made here at Bantam Hill on the bantam Ermine project. There are a few pullets that are spot-on bantam weight, and the cockerels are close. There was such a nice group of "bantam" Ermine at Fayetteville that I hope there is enough interest in Ermine bantams for them to follow close on the heels of the large fowl Ermine toward American Poultry Association approval. I hope to be in good enough health to make it to the 2<sup>nd</sup> pre-qualifying meet at the Moon City Poultry Show March 29-30, 2025 in Wapakoneta, OH with both a few large fowl Ermine and a few bantam Ermine.

A wintertime tip to help the birds on cold nights below freezing is to give them a bit of cracked corn or scratch grain an hour or two before roosting. A small bit of grain will keep their gizzards busy through the night and generate some warmth without messing up their normal daily ration of food intake. Which leads me to my closing.

As always, I close with my reminder to not forget to feed grit. Grit is a chicken's teeth. I am always amazed at how much they consume.

## Director – Jeff Sonsalla

September was buzzing with excitement in Portage, WI, as poultry enthusiasts gathered for one of two National Ameraucana Shows this year. It was great to see so many fellow breeders and club members from across the U.S. It was a chance to connect with fellow chicken lovers, share tips, and learn more about raising these incredible birds. It was amazing to see so many Ameraucana birds together, and to hand out so many ribbons in the junior show.

We've been fortunate to have such a mild fall so far, but winter will soon be upon us. I've got some work to do yet to winterize my coops and get prepared for the season but hopefully you are further ahead.

I've heard of at least one eager beaver who already has his incubators on as hatching season is just around the corner. I won't mention names, but it tells me I need to turn the timers on to extend the light and stimulate laying. That makes me think of a joke:

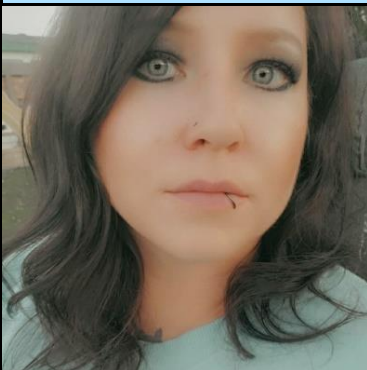

**What do you call a mischievous chicken?**

A practical yolker!

Our club account is in good standing but if you want to know more, the treasurer's report can be found later in this newsletter.

We hope to see you at next year's Ameraucana National Show, but in the meantime, enjoy your winter preparations and keep those coops snug!

## Director - Mindy Waters

Hello everyone! I hope this newsletter finds you well and I hope you are all enjoying your birds.

After serving as a director for the past four years, I've decided to take a break and pass the torch back to others interested in serving the club. I have moved into a higher leadership role with my other breed club and that will require more of my time and attention.

I have also started transitioning my dahlia hobby into a business and am trying my best to balance everything with taking care of my family. The dahlias are especially beautiful, but they require a lot of effort to grow here in my area. I have over 500 plants to dig up and then I will divide each clump to store over winter. Next season I have plans to double my field size, so there will be even more work to do. If you'd like to follow along on my journey, you can find me at Divergent Dahlias on social media platforms.

As far as bird talk goes, I made several steps forward with my Chocolate large fowl project this season. I'm excited to see where the future takes that flock. I lost most of my Blue grow outs in the fire this summer, but the adult flock is doing well, and I'll start hatching again early in 2025.

The CRPE Stevenson Poultry Classic was held on November 16th, 2024, in Stevenson, Washington and there was a pretty good showing of Ameraucanas- 17 large fowl and 2 bantams. It is always nice to see our beloved breed on Champion Row and that was the case for both Champion AOSB and Reserve Champion AOSB at this show.

Upcoming shows in the PNW include the Cascade Spring Show in Monroe, Washington in March and the CRPE Spring Invitational in April. I am also hearing of new shows possibly being held in Chehalis, Eastern Washington, and Idaho. Keep an eye on [poultryshowcentral.com](http://poultryshowcentral.com) for more info!

I hope everyone has a safe and happy holiday season!

Thank you for allowing me to serve the club,

Mindy Waters

## Director – Brian Bailey

Hello, I hope that everyone is doing well. The holidays are officially upon us, and I am sure that everyone is busy like we are. The holidays are always good times to celebrate and enjoy the company of friends and family. I hope that everyone gets the chance to reflect on the year that they have had and the blessings that they have been given.

There are still a few more winter shows left up in the north and if you are at the Dixie Classic I will see you there. Before we know it, spring will be here and the shows will be in full swing again. I hope that everyone is planning their hatches in preparation.

I am excited about two special shows for the club next year. The first one will be in March at the Moon City Poultry Show, this will be the 2<sup>nd</sup> pre-qualifying meet for the Ermine variety. I know there are few people in the club that are excited about this. We really need a good turnout for this show, and I expect that we will get it. So, if you have any Ermine ready, please enter them into the show. If you have any questions about the process, please contact Becky Pelton. The second one is our national meet which will be held at the Dayton Fancy Feather Show fall show. I am excited this is in my backyard and I believe we will have a great show for the club. If you have any ideas for our national meet, please reach out to one of the directors with your ideas.

Congratulations to all of the new directors on your elections and I look forward to working with you in the future. To all of the outgoing directors, thank you for all of your hard work and dedication to the club.

## Member Updates

There were no updates sent in from the members this quarter. If you would like to have something added to the newsletter please send an email to [beetle3211@yahoo.com](mailto:beetle3211@yahoo.com) prior to February 15 to be included in the next newsletter.

## Meet Reports

*If you have any meet reports please send them to Michael\_Muenks@yahoo.com as soon as possible.*

Several of the original meet reports in this batch of meet reports were a bit difficult to discern. If I have made errors, please contact me at Michael\_Muenks@yahoo.com and I will gladly correct the report. Any errors in the following were not intentionally made by the show clubs, the person filling out the meet report, or myself. If providing meet reports, please send clearly scanned copies of the meet reports electronically or use the spreadsheet versions to complete. If providing a picture of a meet report, please mail the originals.

Please note that exhibitor points may not be awarded for Ameraucana entered in a show under a farm name or a family name. I have included in the meet reports for entries in shows under known farm/family names of members, but per the exhibitor point policy, they cannot be counted for exhibitor points, i.e. an entry under Bantam Hill cannot be counted for exhibitor points, but an entry under Michael Muenks – Bantam Hill or Bantam Hill – Michael Muenks can be counted for exhibitor points because it is clear who the individual Ameraucana Alliance member is that is entering the birds in the show and should be awarded the exhibitor points.
